iReady are You?

We are excited to announce that we have been able to extend the iReady testing window and times of availability to help students complete their Math and Reading tests.

Head of School Bradish sent out an email on Wednesday, September 7th to let you know of the changes to the testing times from 7am – 8pm everyday of the week. I want to offer students who complete their iReady tests in both Math and Reading without rushing through them – yes, we can see when you don't take your time – a little prize to use in a class. I will award any student who completes or has completed their iReady test by September 15th a “Free Assignment Pass” that can be used on an assignment in one class this quarter.

So, help your teachers out and earn a cool reward by logging into iReady today and getting those tests complete. Remember – take your time, because you don't get rewarded when you rush, and we don't get to see the very best of you either. I'm Ready to see your results – are you Ready to earn a reward?

RESILIENCE

VPrep of WA students show resilience as they adapt to our online learning environment. Our students are flexible and understand that mistakes are part of learning.

Showing Resilience = Growth Mindset
