

# VIKINGS BULLETIN

Virtual Prep Academy of Washington Newsletter

## A Message from the Head of School

Happy March! It is the time of year when we start planning and looking forward to next school year. You will be receiving communication starting March 3<sup>rd</sup> for re-enrollment here at VPrepWA. Why should you re-enroll at VPrepWA, because we continue to grow and improve, and the best is yet to come. With the addition to our Middle School Chess Club and upcoming Book Fair we are excited to continue to improve not only our learning but our social activities for students. We plan to offer more clubs next year and more virtual and potentially face to face opportunities. We will continue to offer the same great education that you get now and that continued relationship building that makes us different than other online schools. We hope that you will plan to continue to be a part of the VPrepWA Learning Community and that you will select **YES** when you are texted about re-enrollment in the coming weeks. Have questions about re-enrollment or what's next for your student please reach out to a Success Coach, Advisor, or Administrator so we can help discuss the reasons why VPrepWA is and will be a great place for your student to learn.

VPrep WA will be hosting a Virtual Book Fair in April! Look for more information in our March Viking Bulletin!

## State Testing Reminder

State Testing will take place in various locations the week of April 21-25.

## Re-Enrollment is opening March 3, 2025.

It is that time of year when we need to collect your input regarding your student's enrollment plans for the 2025-2026 academic year. This will be a simple 2 step process to indicate your plans.

We will be sending communication to families over the next week to one guardian as an automated text message and request a response indicating your student's plans for the 2025-26 school year. You will receive one text per enrolled student, so that in the event plans to return are not the same for all your students, you can accurately indicate intent for each student.
